Hire or Buy Local

It's been a long time coming but I'm going to share a few thoughts on shopping local. With the ever increasing flood of product and choice of items available on the web consumers are overwhelmed with avenues from which to source costumes. However, we are hearing constantly that - "The parcel didn't arrive in time." - "I didn't like it." - "It did not fit." - "It was poor quality." - "Everyone else had the same thing."

If you hire or buy in store locally you get to take your costume home with you there and then. You can try on and choose exactly what you like and fits you well. Many of our costumes are custom made and one of a kind.

By walking into a local store and bringing your custom to us you ensure a specialist store continues to offer a fabulous service to a city.

Colour Themes

Pick your next party theme from any colour and see how inventive your guests can be. Red is the most popular, White for Winter Wonderland and Black for Friday 13th parties. Often the theme is Rubiks cube so the idea is to have each piece of clothing or accessories in the different colours of the cube.

Monster Garage Sale Success

Thanks to all the collectors, sewers, bargain hunters ...who came along and supported our 2nd ever garage sale on March 1st. The 1st time we held a clearance sale of stock was right on the Sept 2010 earthquake....and was rather subdued given the timing. This time round we had a cracker and hope all those who popped along on Sunday managed to find something for their dress up box or next craft project.
